Shooting procedures

- After an oral signal the competitors take their positions and prepare for shooting.
- On the „LOAD” command the competitors load and insert magazines into their weapons.
- On the „START” command the competitors start shooting, according to the procedure outlined above.
- On the „STOP – UNLOAD” command the competitors unload their weapons and allow the referee to check the rifle.
- Each shot before the „START” signal or after the „STOP” signal will result in DQ (disqualification).

1. The competitor shoots at one target only, following the procedure appropriate for the first, the second or the third string, using always the same weapon that was previously declared. The shooter can compete in other division.

2. The organiser allows a situation in which two or more competitors are using the same rifle for Military or Police shooters.

3. The rifle may be supported by backpacks or front support – bipod. It is allowed to use rear support, both original equipment and one attached by the competitor – e.g. monopod, used in order to enhance the stability of the rifle. To use a standing plates under the bipod is allowed. The front and rear support of the rifle may be connected only by means of the stock.

4. On the firing position the competitor may have only the number of rounds specified for one string. Bringing any additional ammunition to the firing position will result in disqualification.

5. Malfunction of the rifle or ammunition is the competitor's concern.

6. The weapon is brought onto the firing position without a weapon bag or case, without bolt. If the competitor wishes to use it as support for the rifle, it will be subject to weighing together with the rest of the equipment.

7. Leaving the firing position with the weapon is allowed only after unloading the rifle, subjecting it to the referee's checking procedure.

8. Any check-ups and repairs can be performed only in the designated safety area.
9. It is forbidden to bring live, blank or dummy ammunition to the safety area. Not adhering to this rule will result in disqualification.
11. Moving around the shooting range with a rifle is allowed without a weapon bag or case, without bolt.
12. Every competitor can use a spotter with spotting scope.
